## SUMMARY

I'm Om Patil, a passionate Full Stack Web Developer currently pursuing B.Tech at Lakshmi Narain College of Technology, Bhopal. Skilled in the MERN stack (MongoDB, Express.js, React.js, Node.js), I have developed full-fledged web applications like GoRide (a real-time cab booking platform) and VistaStay (a dynamic hotel listing website). With a strong foundation in data structures and problem-solving, I've also solved over 150+ LeetCode problems, demonstrating my analytical and coding abilities.

## PROJECTS

**Cab Booking Platform** | <u>Live link</u> | <u>Source code</u>

- Built a real-time cab-booking app using React, Node.js, Express, and MongoDB with Google Maps API for navigation and live tracking.

- Implemented Socket.io for real-time ride status updates and seamless driver-user communication.

- Enabled ride booking, fare estimation, and trip management for a smooth user experience.

**Hotel Listing Platform** | <u>Live link</u> | <u>Source Code</u>

- Designed a user-friendly website enabling seamless hotel listing, searching by location/category, and review functionalities for users.

- Implemented authentication using Passport.js, enabling secure user sign-up, login, and personalized interactions.

- Enabled owners to add, edit, or delete hotel listings and provided guests with detailed reviews, search functionality, and booking options for an enhanced user experience.

- Built using Node.js, Express.js, MongoDB, and EJS, focusing on responsiveness and a modern user experience.
